

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-23822

Stream : Elkhart River

Applicant : Schrock Homes, Inc
2523 Messick Drive
Goshen, IN 46526-5394

Description : A 4,831 square foot health care facility will be constructed on 3' of fill. The lowest floor elevation of the facility will be set at 5'.08" above the 100-year frequency flood elevation of 782.3', NGVD. An existing paved parking lot to the west of the facility will be utilized for parking. Additional 3,244 square feet area will be filled to the south of the facility for the purpose of proposed parking. The fill depth will vary from 1' to 3' of fill. Details of the project are contained in information and plans received at the Division of Water on May 5, 2006.

Location : Along the east (left) stream bank, beginning at the West Lincoln Avenue stream crossing and continuing upstream approximately 225'
DOWNSTREAM: near Goshen, Elkhart Township, Elkhart County

30 Day Public Notice Report

Application # : FW-23832

Stream : Greens Fork

Applicant : Wayne County Cardinal Greenway
Al Gentry
404 South 22nd Street
Richmond, IN 47374-5762

Description : Approximately 380' of the stream's eroded west bank will be restored with fill and stabilized with rip rap over geotextile fabric. The rip rap will be keyed in to the streambed at its base and will conform to the bank once it is restored to the pre-erosion profile. A sandbar will be removed and used for fill to relocate the stream approximately 10' east nearer to the original course prior to the accumulated debris. Details of the project are contained in information and plans received at the Division of Water on May 11, 2006, May 12, 2006 and May 22, 2006.

Location : The Chesapeake and Ohio Rail crossing of Greens Fork
near Williamsburg, Greene Township, Wayne County
SW¼, SE¼, NE¼, Section 6, T 17N, R 14E, Greens Fork Quadrangle
Quad Code: 3908581
UTM Coordinates: Downstream 4424713 North, 670770 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : FW-23833

Stream : Martindale Creek

Applicant : Wayne County Cardinal Greenway
Al Gentry
404 South 22nd Street
Richmond, IN 47374-5762

Description : Approximately 200' of the stream's eroded east bank will be restored with fill and stabilized with rip rap laid over a geotextile fabric. The rip rap will be keyed in to the streambed at its base and will conform to the bank once it is restored to the pre-erosion profile. Details of the project are contained in information and plans received at the Division of Water on May 11, 2006, May 12, 2006 and May 19, 2006.

Location : The crossing of the Chesapeake and Ohio Rail over Martindale Creek
near Economy, Perry Township, Wayne County

30 Day Public Notice Report

Application # : FW-23835

Stream : Van Buren Creek

Applicant : Marathon Pipe Line Company
Ronald Collier
539 South Main Street, Room 3668
Findlay, OH 45840-3295

Description : An existing 75' section of exposed 8" diameter pipeline will be lowered in the dry approximately 24-44" to a depth of approximately 1.5' to 2' below the stream channel. The line will be lowered using the open-cut method during low flow conditions with excavators and backhoes working from both sides of the stream. 14 SUBMAR (concrete) mats will be installed over the pipeline trench to provide permanent protection. A 2' high sand bag dam and pump system will be installed to serve as a temporary dike around the work area and will be immediately removed following construction. Both stream banks will be re-contoured to a 2:1 slope. Details of the project are contained in information and plans received at the Division of Water on May 16, 2006.

Location : Approximately 200' west of County Road 350 and approximately 1500' north of the Croys Creek confluence
near Harmony, Van Buren Township, Clay County
E½, SE¼, SW¼, Section 23, T 13N, R 6W, Brazil East Quadrangle
Quad Code: 3908751

30 Day Public Notice Report

Application # : FW-23839

Stream : Deer Creek

Applicant : Deer Creek Development, LLC
G Tupper Swaim, III
9616 Indianapolis Boulevard
Highland, IN 46322-2655

Description : A new culvert crossing will be placed in Deer Creek to carry the proposed Linden Lane across the ditch. The new crossing will consist of two parallel 6' diameter CMP culverts, each 45" in length. They will have upstream and downstream inverts of 687.0', NGVD and 686', NGVD, respectively. The culverts will have concrete headwalls with stone facing. Both the culverts and headwalls will be skewed 0 degrees to align with streamflow. Minor channel shaping will occur both downstream and upstream of the crossing to provide a better flow transition into and out of the culvert system. The shaping will be confined to an area approximately 20' upstream and downstream from the two culverts. The shaped areas will be lined with a layer of riprap. The crown of the roadway over the culverts will be at 695.88', NGVD. Details of the project are contained in information and plans received at the Division of Water on May 17, 2006.

Location : Approximately 450' upstream (south) of the 109th Street crossing
DOWNSTREAM: near Crown Point, Winfield Township, Lake County
NW¼, NW¼, NW¼, Section 8, T 34N, R 7W, Crown Point Quadrangle

30 Day Public Notice Report

Application # : FW-23840

Stream : Clear Creek

Applicant : CRTM Realty
Tom Martin
2200 South Walnut Street
Bloomington, IN 47401-6520

Description : A 2.7 acre area will be filled in the east floodplain intended for future commercial development. The fill will vary in depth from 0' to 8'. Water quality ponds will be constructed near the fill areas to accept and treat sediment laden runoff prior to entering the creek. Turf reinforcement, rip rap, silt fencing and diversion ditches will also aid in reducing sediment discharge and stream bank erosion. The fill used will be obtained from proposed cutting activities in the west floodplain intended to balance, increase and reduce existing floodplain cross sectional areas at the project site. Details of the project are contained in information and plans received at the Division of Water on May 17, 2006.

Location : Along the east and west floodplain of Clear Creek beginning 1400' upstream of the creek's intersection with Country Club Drive and continue upstream approximately 900 feet within the corporation limits of Bloomington
DOWNSTREAM: near Bloomington, Perry Township, Monroe County
SW¼, Section 9, T 8N, R 1W, Bloomington Quadrangle

30 Day Public Notice Report

Application # : FW-23841

Stream : Wolf Run

Applicant : LaPorte County Commisioners
Rick McVay
1805 West 5th Street
LaPorte, IN 46350-4651

Description : A single-span prestressed concrete bulb-tee bridge will be constructed to carry County Road 400 North across the stream. The bridge will have a span length of 88', an out-to-out width of 31', and a clear roadway width of 28'. The spill through abutments will have 2:1 sideslopes armored with revetment riprap. The abutments will be skewed 40 degrees to align with the streamflow. The approach roadway will be elevated a maximum of 6' above the existing grade. Approximately 110' of the channel will be realigned and straightened to remove the three 90 degree bends within 150' of the bridge centerline. The new channel will be approximately 125' long and will vary in depth, with a 20' bottom width and 2:1 sideslopes. The channel will be excavated "in the dry" and will not be connected to the existing channel until the excavation has been stabilized. Material excavated from the construction of the new channel will be stockpiled for later use as fill for the old channel. Any additional fill material that is required will be brought onsite from an outside source. This project is federally funded. Details of the project are contained in information received electronically at the Division of Water on May 19, 2006.

Location : Approximately 65' upstream and downstream of the County Road 400 North crossing, LaPorte County Bridge #14
DOWNSTREAM: near LaPorte, Coolspring Township, LaPorte County

Application # : FW-23842

Stream : Singleton Ditch

Applicant : Lake County Highway Department
Duane A Alverson, PE
1100 East Monitor Street
Crown Point, IN 46307-3521

Description : The existing 3 span bridge will be replaced with a single span concrete box beam bridge with a span length of 80' and an out to out width of 33'. The riprap over geotextile fabric abutments will have a 2:1 side slope on the south side and a 1.5:1 side slope on the north side. The abutments will be skewed 25 degrees to align with the streamflow. The existing structure will be completely removed. The approach roads will be elevated a maximum of 3.5' above existing grade. Details of the project are contained in information and plans received at the Division of Water on May 19, 2006.

Location : At the Clay Street ditch crossing
near Lowell, Eagle Creek Township, Lake County

Stream : Mud Creek

Applicant : 116th Lifestyle LLC
Julie Christensen
10 West Market Street, Suite# 1200
Indianapolis, IN 46204-2854

Description : Two wetland water quality basins will be constructed along the north bank of Mud Creek. The bank will be pulled back at the ordinary high water mark in order to increase floodplain storage. The eastern (upstream) basin will be approximately 200' wide and run along the bank for approximately 750'. A pond approximately 0.85 acres in size will be dug within the basin to a depth of 8'. The western (downstream) basin will be average 100' wide and run along the bank for approximately 550'. Details of the plan including a tree mitigation plan will be included with application documents. Details of the project are contained in information received electronically at the Division of Water on May 23, 2006.

Location : Beginning on the north bank of Mud Creek just downstream of the 116th street crossing and continuing downstream approximately 1500' at Fishers, Fall Creek Township, Hamilton County Section 4, T 17N, R 5E, McCordsville Quadrangle Quad Code: 3908588

30 Day Public Notice Report

Application # : FW-23848

Stream : Spy Run Creek

Applicant : Allen County Commisioners
William Hartman
One West Superior Street
Fort Wayne, IN 46802-1236

Description : The project involves the replacement of the existing single-span adjacent prestressed box beam bridge carrying Sherman Boulevard over Spy Run Creek. The structure will be replaced with a three-span (26'-0", 33'-6" and 26'-0") reinforced concrete slab bridge. The bridge will have a clear roadway width of 50'-0" with sidewalks and concrete bridge railing on each side. The spill through abutments will have 2:1 sideslopes armored with riprap placed over a geotextile fabric. The skew of the channel to the roadway is 30 degrees. The new bridge will provide 396 square feet below the Q100 high water elevation as opposed to 209 square feet for the existing structure. New storm sewers and ditches will be provided along the roadway, along with curbs and sidewalks. Approach work will extend 445' south and 165' north of the proposed structure to accommodate the grade raise. The intersection of Franke Park Drive and Sherman Boulevard will also be reconstructed to tie in for the change in vertical alignment. The project is locally funded. Details of the project are contained in information received electronically at the Division of Water on May 24, 2006.

Location : At the Sherman Boulevard crossing of Spy Run Creek, approximately 0.4 miles north of S.R 930 (Goshen Avenue) on Sherman Boulevard. This bridge will carry Sherman Boulevard over Spy Run Creek. The project will be approximately 700' in length, which includes the bridgework and roadwork at Fort Wayne, Washington Township, Allen County Section 27, T 31N, R 12E, Fort Wayne West Quadrangle Quad Code: 4108512

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10
